

What Is Man?

Psalms 8:3-5

In this passage, the psalmist, David, asks God, "What is man that you are mindful of him?" In other words, David wanted to know why God cares for us. The Bible says God made people just a little lower than something else. Unscramble the words in the word box. Then choose which word doesn't belong. Write these words on the lines at the bottom to find out how special we are to God.
